

RETAIL PRICE LIST Effective January 1, 2011

Fine art pigment ink prints ordered for purchase are made with state of the art equipment using archival inks and acid free archival papers. Preliminary results from Wilhelm Imaging Research, Inc. indicate prints made with these materials can be rated up to 100 years under UV protective plexiglass. The artist can not guarantee the lightfastness of prints displayed under excessive ultraviolet light or sunlight without proper protection provided by UV rated plexiglass.

All prints are in limited editions, signed and numbered. Prints are un-mounted, un-matted and unframed and are subject to minor variations in color from what is seen on this web site. Shipping is free for retail purchases.
